

Join us at the Capitol on May 11th!

Join us at this critical time in the legislative session to speak up for fair revenue-raising. Legislators need to hear that their constituents want fair taxes to be part of the solution in order to adequately fund services.

May 11, 2009

If you are not able to make it but still want to demonstrate your support:

Go to www.gis.leg.mn/mapserver/districts/ to find contact information for your legislators and deliver the following message by phone or email on May 11th at Noon:

I am a constituent in your district. I am contacting you to let you know that I support raising revenues fairly. We cannot solve the current budget shortfall without adequate funding for public services that Minnesotans count on to make ends meet. We need a balanced solution, including a balanced tax system where everyone pays their fair share.

Invest in Minnesota unites Minnesota's faith community, labor and nonprofit organizations around raising revenue fairly. For more information, go to www.investinmn.org.
